STANDARDS STATUS REPORT  
FUNCTIONAL AND READINESS LEVELS

**SCORING:** Use the Analytic Scoring Tool (AST) to determine the score for each essential skill the student demonstrates. Circle the score obtained in the appropriate column using the designated color for that review date. Items in parentheses are examples to help you frame your professional judgment. Examples are not exhaustive. Scoring is based on the listed examples or other similar tasks noted in the comments section. Teachers should feel free to add any comments to clarify student skills; e.g., how student performs task by telling, drawing, printing, using computer, Braille, or printed word.

**READING**

Students learn and effectively apply a variety of reading strategies for comprehending, interpreting, and evaluating a wide range of texts including fiction, nonfiction, classic, and contemporary works.
